MISSING OUT ON NEW OPPORTUNITIES?

Dickman Supply’s Green Energy Solutions and the Sidney/Shelby County Chamber are teaming up to make sure you are taking advantage of significant incentives in place to lower your company’s operational costs.

- Additional utility companies are on board with more rebates than ever!
  - DP&L
  - AMP Ohio/Municipalities
  - American Electric Power (including new “Express” program)
  - Midwest Electric
- Federal & state tax credits updated
- Impending phase out (starting in January) of the most commonly used lamps
  - Incandescent
  - Fluorescents
- New and advanced technologies
  - LED and CFL
  - Induction lighting
  - New energy efficient metal halide
  - Wireless control and daylight harvesting
- New motor regulations and energy saving options

It’s all happening NOW! Accumulation of all the incentives and energy savings creates significant positive cash flow for years to come. Additionally, you’ll benefit from enhanced lighting and motor systems, PLUS drastic reductions in maintenance expenditures in your facility.

This information-packed 3 hour seminar is a “Can’t Miss” for your company’s bottom line. Register today before the lights go out on incentives!
